

Your Privacy While Using KAZ Online

Information Collected

The information that we will collect about you will depend on how you use the facilities offered. Our system will record the date and time of your visit to our site, the pages viewed, your performance in KAZ SpeedBuilder and any information downloaded.

Cookies

This site uses 'cookies'. A 'cookie' is a small text file placed on your computer by our web page server. A 'cookie' can later be retrieved by our web page servers. No personal information is collected with this 'cookie'.

'Cookies' are frequently used on Web Sites and you can choose if and how a 'cookie' will be accepted by configuring your preferences and options in your browser.

KAZ Type Limited does not store any personal information in a 'cookie'. 'Cookies' are used by the web server to store information in Session Variables.

Session variables reside on the web server for a short period of time (about 20 minutes). Accordingly, some of the KAZ Online site features require that you accept 'cookies'.

You may still be able to use some information-only pages even if you do not accept 'cookies'.
